✓ An electronic I-9 must be completed prior to their first day of employment.

Employees must complete Section 1 of their electronic I-9 no later than their first day of employment.

Employees must visit one of the locations below to complete the I-9 process within three business days of their first day of employment:

- **Panther Central** – Main lobby of Litchfield Towers (412-648-1100) – 7am to 10pm; daily

It is essential to review your turnaround ERs once a new hire is entered or a change is made to ensure that the correct information has been entered. Each field should be checked for accuracy. This is an excellent tool to use to be proactive to review all data entry prior to payroll processing.

*This is an Internal Audit Requirement.

Remember, for future dated transactions (ie: salary, job title, terminations) you will not receive a turn around ER until after that effective date.

Need a copy of an Employee Record?

• If you are requesting an ER for an employee that is transferring to your department, you will need to contact the employee’s prior department Administrator and have them send you the ER for completion.

• To find out what department the employee previously worked in, please visit Find People [http://find.pitt.edu/](http://find.pitt.edu/). This site can also be used to verify the employees job status, department, and title at the University.

• To find the Administrator in that department, please visit our website at [http://payroll.pitt.edu/administrator-contact-lists/](http://payroll.pitt.edu/administrator-contact-lists/) and select view Departmental Contact list.

• If you have contacted the employee’s prior department but the ER is not available, you can request an ER through our Inquiry Link [http://payroll.pitt.edu/contact-2/](http://payroll.pitt.edu/contact-2/)

• You are not permitted to request an ER for yourself. Administrators are only permitted to request an ER for an employee that is currently in their department or will be a rehire/transferring to their department.
Generated ER Requests

Requests for generated ERs may be made for the following two reasons:
1. The prior department has been contacted and no longer has the last ER.
2. An immediate change is needed and the current ER cannot be accessed timely.

To request a Generated ER:
• Go to [http://payroll.pitt.edu/contact-2/](http://payroll.pitt.edu/contact-2/)
• Select Department Administrator, Business Manager, Supervisor
• Generated Employee Record Request will appear in the drop-down list

The Payroll Register Report lists employees by CDC and includes:

- Employee number
- Earnings
- Name
- Hours
- Current salary
- Year to date
- Check # or direct deposit (employees receiving physical checks will be listed at the bottom of the Register Report)
- Net pay
Online Payroll Register Review and Approval
Internal Audit Requirement

**What are some things you should be looking for on the report?**

- All employees who should be paid from your account are listed
- Verify each employees’ payment/s:
  - Check for expected and unexpected salary changes
  - Make sure any terminated employees or employees on a leave of absence receive the correct pay

Once the register has been reviewed, it must be authorized by entering the following information in the upper right hand corner of the first page:

1. Signature of reviewer (Register Reviewed By)
2. Date of review
3. Indicate “Errors Resolved” or “No Errors” as applicable.
Online Payroll Register Review

- If you notify your payroll Payroll Representative by 2:00pm two business days prior to monthly payday or by 11:00am one business day prior for biweekly, Payroll is able to delete a direct deposit. If a delete occurs, an employee will not have access to or see the deposit into their personal account. Since costing has not occurred, direct deposits that are deleted will not appear on your level reports.

- A direct deposit reversal can occur between one business day prior to payday and five business days after payday by notifying your Payroll Representative. During this time, the employee has access to the deposited funds. If any withdrawal against the funds is made, a reversal is not possible and other means of collection must be determined.

- If you know prior to payday that an employee should not be paid (terminations, contract changes, leave of absence) please notify your Payroll Representative as soon as possible. Payroll can stop a pay from processing to prevent an overpayment. Once a corrected ER is entered into Oracle and received by Payroll, a new pay can be issued.
Overpayments

Please notify your Payroll Representative via email as soon as you know of any overpayment situation. You must then submit an ER and Service Request (unless it was keyed incorrectly) to issue a corrected manual check.

Once your Payroll Representative is notified, there are 3 options to recoup an overpayment:

- Reversal/Delete - preferred method to remove entire incorrect payment
- Short pay – if a delete is not possible and they are a current employee
- Personal check repayment - only used if we can not reverse or short pay

Please note: If a net overpayment check is not received within the same calendar year that the overpayment occurred, the employee will owe the gross wages in the subsequent year. When the employee receives and has use of those funds, the wages become reportable and taxable in that year. The wages must then be reported on the employee’s W-2 Form for the year paid. Please refer to IRS Publication 525 [https://www.irs.gov/pub/irs-pdf/p525.pdf](https://www.irs.gov/pub/irs-pdf/p525.pdf), Section Repayments, Page 34 for additional information.

As a reminder:

- Off cycle payments are always manual checks
- Direct deposit can only occur on payday
Manual Check Process

In the event a manual check is needed

- Please prepare a Service Request Form for all manual checks.

- All applicable documentation must be attached to the Service Request when forwarded to the Payroll Department for processing. This may include an Appointment Form, Employee Record, OSPP form, or other documents as required.

- A service fee of $75.00 will be charged to the requesting department for each manual pay.

- An account number is always required. The sub code is always 8010.

- The Manual Check Service Request Form can be found on the Payroll website under Department Administrator role at http://payroll.pitt.edu/forms/ under the section For Department Administrators and Managers

Departments may also be charged a service fee to expedite late paperwork.

If an employee was not paid or underpaid, there may be an option to enter a pay adjustment into the next pay without a fee.

The website [http://www.cfo.pitt.edu/prism/hrglossary.php](http://www.cfo.pitt.edu/prism/hrglossary.php) can also be of great assistance when filling out Appointment Forms and ERs. It provides reasons for terminations, can help with some payroll definitions, contains a list of job types/classifications and more.

Each Dean’s office has different procedures, so please check with your area and inquire about the requirements. (ie: signature hierarchy)
